As well as running lots of family sessions for you to bring your children/young people too and parent/carers support groups to help build social support networks - we also have 1:1 appointments available so you can receive tailored advice and guidance for yourself and your family.

Please email the NeuroHub on neurohub@fair-play.co.uk if you would like to book a 1:1 appointment with our Advisor so we can arrange a time and date that suits you best.

We appreciate there is a high demand for appointments but staff are always available at all of our family sessions to offer any advice and support too.
